Average Upload Times

While the Ad Management System offers the fastest electronic delivery possible, your actual upload time is dependent on your network configuration and upload speed. See below for example delivery times using the standard network speed configurations.

File Type	Network Speed	Delivery Time
100MB SD	1 Mbps	15 minutes
100MB SD	5 Mbps	3 minutes
100MB SD	10 Mbps	2 minutes
500MB SD	1 Mbps	70 minutes
500MB SD	5 Mbps	15 minutes
500MB SD	10 Mbps	7 minutes

If you do not know your network speed or would like to test it, go tot http://speedtest.comcast.net and use their speed test to determine your current upload and download speeds.
